

BUSINESS DEBIT CARD FAQs

I am a Securant Bank & Trust business client. How can I get the business debit card?

Complete an application online and forward it to the bank. Once we process and approve your application, you can expect to receive your business debit card in the mail in seven to ten days.

Am I required to have a Securant Bank & Trust business checking account to have a business debit card?

Yes, you need a Securant business checking account to which we can link your business debit card.

May I get more than one business debit card?

You may have as many business debit cards as there are signers on your account. Only account signers may be debit card holders. This helps protect your business and limits exposure.

Are there spending limits on the business debit card?

Yes, the standard daily point-of-sale purchase limit is \$2,500, and the daily cash withdrawal limit is \$500. You can also set custom limits for individual cardholders.

Are there any fees associated with the business debit card?

There are no fees for the business debit card. However, ATM fees may be imposed if you use a terminal that is not part of the network.

Are there limitations on what I can pay for with the business debit card?

Debit cards may not be used for gambling. Otherwise, there are no restrictions on business debit card use.

What should I do if the business debit card is lost or stolen?

Report lost or stolen credit cards immediately by calling Securant Bank & Trust.

- During banking hours (8:30 a.m. to 5 p.m. Central), call 414-442-5800 or 1-800-980-9277.
- After banking hours, call 1-800-544-8969. We'll deactivate the missing card and issue you a replacement card.
